

THE CAMP MEETING

Will be the Next Attraction at the Moundsville Grounds

WHICH PROMISES TO BE THE BEST

Ever Held at this Famous Resort. The Big Card of the Meeting Will be the Visit of Bishop Mallahan. There will be Ample Accommodations for All Those who Attend—The Grounds are in Excellent Order.

The Moundsville camp grounds, that beautiful summer resort, was never more beautiful than it is just now; and, while things were very quiet yesterday compared with what they have been for the past three weeks during the continuance of the two meetings just closed, but few are leaving the grounds, all intending to remain until after the camp meeting, beginning August 9 and continuing ten days. Everything is being done to have all in most perfect order for that occasion. If all reports are true, the coming camp meeting will be one of the largest ever held on the grounds. Bishop Mallahan has written that he will be present unless hindered by circumstances not now anticipated, and he alone will draw the crowd.

He is the bishop of the masses. Wherever he goes the people flock to hear him. In the south the negroes call him Bishop "Hallelujah," and they look to him as though he were more than mortal. While he may not have the eloquence of some of the other bishops, he has a power to sway the masses that but few living preachers have, and wherever he is best known he is the most sought after.

Rev. Spencer, of Philadelphia, who is to be present, is said to be a powerful preacher. The bishop is anxious for all the ministers of the district to be present, and they will no doubt grant his request and be here, at least during the three days the bishop remains.

The young folks are enjoying themselves at lawn tennis, croquet, bicycling, and romping over the grounds, while the elderly ones spend their time at dominoes, reading and snoring under the leafy branches of the tall oak trees that adorn the park.

One of the directors of the camp meeting told me this morning that no pains would be spared from the beginning to the end of the meeting to see that all who come shall have every comfort possible afforded them during their stay on the grounds.

The hotel was never better managed, and when the great crowds come meals and luncheon will be served so that none will have to wait long, as has been the case in years past.

Professors Devore and Bartlebaugh are on the grounds, ready for their phonographic entertainment.

DR. STATHURS EXPLAINS

His Reasons for Not Signing the Call for a Public Meeting.

To the Editor of the Intelligencer.

Sir:—As attention has been called to my name not being signed to the call for a meeting of the Republican voters of the Eighth ward at Mozart hall on next Wednesday night, I shall ask the courtesy of being permitted to explain my position. At the last meeting of the councilmen of this ward, held at Mr. Davidson's house on the evening of July 22, I proposed to the opposition that inasmuch as we could not unite on Dr. Ford or Mr. Schul, we drop their names and compromise on a new man. My proposition was not accepted. I believe that is the only satisfactory way of settling the difficulty. I was at that time and am yet opposed to a primary election, because of the bad feeling that is being worked up among the friends of the two men. It cannot do otherwise than open up a factional fight that will not only work to the injury of those who are actively engaged in it, but will in the end injure the party also. We, as councilmen of the Eighth ward, were elected to do this work, and I know that I can speak for three of the members and say that we do not wish to flog the issue. It is better to keep the fight confined to six than to let it spread to six hundred.

I am, very respectfully,

W. E. STATHURS.

Wheeling, July 29.

No Pledge Extra.

To the Editor of the Intelligencer.

Sir:—I wish to correct a rumor that is in circulation that Dr. H. T. Ford is pledged to me for superintendent of the gas works. It does not only do me an

injustice, but also Dr. Ford, as there is no truth whatever in the report. Dr. Ford is not pledged to me for superintendent nor any other position under the gas trustees.

A CALL was issued yesterday for the special meeting of council this evening. It will be one of the most interesting meetings for a long time now.

It is understood that Judge Campbell will hold a special term of the circuit court on Thursday, but no official notice to that effect has yet been received.

YESTERDAY the county commissioners' committee on court house and jail met and audited the bills for the past month. Nothing was done out of the routine.

F. SCHENK & SONS had a new delivery wagon on the street yesterday that is a beauty. The decorative painting on it is very artistic. It was built by the Charles J. Elly Carriage Company.

In the police court yesterday two vagrants and a plain drunk got fifteen days each on the hill. Sadie Brown, a plain drunk, was fined and let go on furnishing security for her due, as she has a family.

A MEETING of the Wheeling Turners' society will be held this evening to act on the application of Christian Neubauer, of Steubenville, for the vacant position of turn-teacher here. There is little doubt that he will be chosen.

The Moundsville fair is attracting more attention this year than ever before. It is to be given the week before the Wheeling fair. The advertising agent in Wheeling, Ed Bruce, is putting out some handsome cards. He starts on the road in a short time for the Wheeling fair.

The largest Atlantic City excursion ever sent out of Wheeling is the claim made by the Pennsylvania lines for its excursion which leaves on Thursday afternoon. Already three Pullman sleepers are engaged, almost to their full capacity, and it is thought that another sleeper will be necessary to accommodate the rush.

The brilliant glass works will start up soon. Several cars of material arrived this week and twelve new pots are being put in. If the works are put on in full as present indications seem to suggest, the pay roll will amount to upwards of \$1,500 per month. It is to be hoped that Mr. Graham can make it profitable to operate the works to their full capacity. —Mingo Advocate.

THE Steubenville Star says that "parties from Wheeling are re-setting the track scales at the Mingo mill, and workmen are scattered all over the company's grounds putting tracks, switches and all kinds of machinery in the best possible manner. The indications are that the company is getting ready for a long steady run, and proposes to have everything in shape to commence with, so that there will be no delay after the plant goes on."

RELIEF FOR THE STARVING.

The Unfortunate Negro Colonists in Mexico Being Cared For.

WASHINGTON, July 29.—Thanks to the good offices of L. M. Johnson, general manager of the Mexican Central railroad, the unfortunate negroes of the Tlalualilla colony who are making their way home in the United States from Mexico, have been saved from present starvation. United States Consul Sparks has telegraphed the state department from Piedras Negras, that Mr. Johnson is feeding these negroes at his own expense, and that all is going well now.

The Eagle Pass officials have quarantined forty-six of the negroes at that point, where the consul had landed them Friday night. Twenty-five of them are sick in Mexico with smallpox, eight seriously. The local Mexican authorities there have become alarmed and declare they cannot take care of them longer. The remainder of the party who are not sick, numbering one hundred and fifty, were expected to reach Piedras Negras yesterday. The President has also taken steps to relieve the distress of the colonists. Regarding the case as one of great emergency involving the lives of American citizens he has directed that the war department issue rations to them, and instructions were telegraphed the military headquarters at San Antonio, Texas, to forward immediately one thousand five hundred rations to United States Consul Sparks, at Piedras Negras. It is believed they have already reached him and are being distributed.

MARTINSBURG, W. Va., July 29.—In the circuit court of Jefferson county at Charleston to-day Judge E. Boyd Faulkner overruled a motion to set aside the verdict against Dr. W. E. Perry, who was convicted of assault on Miss Rose J. Johnston, of Hallowtown, and sentenced him to the penitentiary for fourteen years. The offense is capital punishment in this state unless the jury recommends penal servitude instead, which was done in this case. It is understood that an appeal will be taken.

McNAMEE'S.

COAL MINE SITUATION.

United Mine Workers' Officials in Conference to Consider the Proposed Strike. West Virginia as a Factor.

PITTSBURGH, Pa., July 29.—A most important conference of the leading officials of the United Mine Workers began at noon to-day, for the purpose of considering the proposed strike for an advance. There were present National Chairman Penna, National Vice Chairman Miller, Secretary-Treasurer McDryde, State President Ratchford, of Ohio, State President O'Connor, of Illinois, and the officers of the local district. The miners are prepared to settle the question of wages amicably, and say if a strike is declared it will affect the four great mining states of Pennsylvania, Ohio, Illinois and Indiana.

The leaders here hope for a settlement, and believe a knowledge of the conditions in Ohio, Illinois and Indiana which they will make known to the operators will have an effect upon their decision. For this purpose the national officers will remain here until after August 1, in case the matter is not adjusted before.

The officials are not ready to announce results of the conference. They expect the operators will hold a meeting and refuse the demand for an advance. On the other hand, Secretary Askins, of the operators' association, said to-day that he did not believe the operators would hold any meeting, but would simply ignore the demand.

President Ratchford, of the Ohio miners, said to-night that it now looked very much as if a strike would be declared in the Pittsburgh district after the meeting next Thursday. He said that if that action was taken, he would at once call a convention of the Ohio miners, or else order a strike by circular.

Operators here say that if there should be a general strike in Pennsylvania, Ohio, Indiana and Illinois, West Virginia would be able to keep the country supplied, and there would be no hope of the miners winning unless every man could be brought out in the Pittsburgh district. In all former strikes the miners have been unable to bring out the men at the mines of the New York and Cleveland, and the Pittsburgh and Chicago companies.

THE IRON MINERS' STRIKE.

Women on Guard to Prevent Strikers From Resuming Work.

ISHRENING, Mich., July 29.—None of the strikers came to the mines to-day to ascertain the amount of increase the managers are willing to concede. A number of women were on guard to see that they did not. The managers refuse to make known the detailed statement of the increased compensation, but it is believed that the increase ranged from 10 to 25 per cent, the latter to the surface men, whose pay has been admitted by the companies to be inadequate. The managers say that their offer made on Saturday was their ultimatum, and have ordered the men paid off.

Big Storm at St. Louis.

St. Louis, Mo., July 29.—This city was visited by a terrific thunder storm to-day that raged for more than an hour. The rain fell in sheets, flooding the streets and sewers of the west end and doing considerable damage. A strong wind broke many trees, and two brick houses in course of erection were completely demolished. A number of men were at work on them when the wind and rain came up. They barely escaped with their lives.
